CONDITIONS OF SALE

1. All bids to be per lot (not per piece). Bids made by mail, phone or wire will receive the same service as those made in person.
2. The sale will be a public sale conducted by the licensed auctioneer, O. Rundle Gilbert.
3. The lots will be on exhibition from September 14 (not earlier) in my office, 545 Fifth Ave., New York (corner 45th st.) but **ONLY BY APPOINTMENT**. Teleph. Murray Hill 2-4217.
4. Bidders unknown to us are asked for important references.
5. Accounts are payable when bills are rendered. Strictly cash.
6. The authenticity of the coins is guaranteed, but all claims must be made within 8 days after the coins have been received. It is extremely difficult for us to accept returns after that period as we will have settled all auction accounts and have closed our books. Your very kind cooperation is requested.
7. Coins are as described. The cataloguer has endeavored to give as much information about the coins in this sale as possible.
8. No commission will be charged for executing of bids.

ESTIMATES

The cataloguer will gladly furnish estimates of the value of any lots in the sale. You can rely on his advice.

PRICE LIST

Price list of this important sale will be sent to you upon receipt of 50c. in stamps, currency, or will be billed on your invoice. The values of coins in this sale are of great importance to the general collector.

POSTAGE & INSURANCE

Coins will be shipped by railway express, registered mail or insured parcel post. Costs will be charged. Please state the method of shipping you prefer. **An additional 25c. for packing etc. will be invoiced to each order.**

CONSIGNMENTS

For your convenience the cataloguer has combined most of the consignments to one complete collection. This will enable the collector to locate the pieces he is interested in, in a much more efficient way. The following consignments are listed: **C. W. C.**, Amsterdam, Netherlands; **F. L.**, New Jersey; **O. R.**, New York City; **J. B.**, New York City; **K. L.**, Los Angeles.

PROCEEDINGS

The auctioneer will personally acknowledge if a coin in this sale has not been sold but "stopped at" a certain amount. The book number of the buyer will also be acknowledged with every coin sold. Viz.: Lot 1 sold to buyer No. 56; lot 2 to buyer 108; lot 3 not sold but "stopped at \$55.—" etc.

EXTRA MAIL SERVICE

All bidders by mail will receive a communication stating the amount for which those coins were sold on which their bids were not successful. This service was highly appreciated at my first auction.

VERY IMPORTANT NOTICE

Bidders from my first sale will know that most coins were sold **UNDER** their bids and that in many instances considerable amounts **under** their bids were saved. It should be said that collectors can send in high bids without the slightest fear that the coins will be purchased for these amounts.
